

SHAPWICK SCHOOL

'The same road by different steps'

PRIVACY NOTICE FOR **PARENTS/CARERS**

For Review: 31 August 2020

1. Privacy notice for parents/carers

Under data protection law, individuals have a right to be informed about how the school uses any personal data that we hold about them. We comply with this right by providing 'privacy notices' (sometimes called 'fair processing notices') to individuals where we are processing their personal data.

This privacy notice explains how we collect, store and use personal data about **pupils**.

We, Shapwick School, are the 'data controller' for the purposes of data protection law.

The personal data we hold

Personal data that we may collect, use, store and share (when appropriate) about pupils includes, but is not restricted to:

- Contact details, contact preferences, date of birth, identification documents
- Results of internal assessments and externally set tests
- Pupil and curricular records
- Characteristics, such as ethnic background, eligibility for free school meals, or special educational needs
- Exclusion information
- Details of any medical conditions, including physical and mental health
- Attendance information
- Safeguarding information
- Details of any support received, including care packages, plans and support providers
- Photographs

We may also hold data about pupils that we have received from other organisations, including other schools, local authorities and the Department for Education.

Why we use this data

We use this data to:

- Support pupil learning
- Monitor and report on pupil progress
- Provide appropriate pastoral care
- Protect pupil welfare
- Assess the quality of our services
- Administer admissions waiting lists
- Carry out research

- Comply with the law regarding data sharing

Our legal basis for using this data

We only collect and use pupils' personal data when the law allows us to. Most commonly, we process it where:

- We need to comply with a legal obligation
- We need it to perform an official task in the public interest

Less commonly, we may also process pupils' personal data in situations where:

- We have obtained consent to use it in a certain way
- We need to protect the individual's vital interests (or someone else's interests)

Where we have obtained consent to use pupils' personal data, this consent can be withdrawn at any time. We will make this clear when we ask for consent, and explain how consent can be withdrawn.

Some of the reasons listed above for collecting and using pupils' personal data overlap, and there may be several grounds which justify our use of this data.

Collecting this information

While the majority of information we collect about pupils is mandatory, there is some information that can be provided voluntarily.

Whenever we seek to collect information from you or your child, we make it clear whether providing it is mandatory or optional. If it is mandatory, we will explain the possible consequences of not complying.

How we store this data

We keep personal information about pupils while they are attending our school. We may also keep it beyond their attendance at our school if this is necessary in order to comply with our legal obligations.

For further information on this please refer to the [Information and Records Management Society's toolkit for schools](#).

National Pupil Database

We are required to provide information about pupils to the Department for Education as part of statutory data collections such as the school census.

Some of this information is then stored in the [National Pupil Database](#) (NPD), which is owned and managed by the Department and provides evidence on school performance to inform research.

The database is held electronically so it can easily be turned into statistics. The information is securely collected from a range of sources including schools, local authorities and exam boards.

The Department for Education may share information from the NPD with other organisations which promote children's education or wellbeing in England. Such organisations must agree to strict terms and conditions about how they will use the data.

For more information, see the Department's webpage on [how it collects and shares research data](#).

You can also [contact the Department for Education](#) with any further questions about the NPD.

Youth support services

Once our pupils reach the age of 13, we are legally required to pass on certain information about them to Somerset, as it has legal responsibilities regarding the education or training of 13-19 year-olds.

This information enables it to provide youth support services, post-16 education and training services, and careers advisers.

Parents/carers, or pupils once aged 16 or over, can contact our data protection officer to request that we only pass the individual's name, address and date of birth to Somerset.

Transferring data internationally

Where we transfer personal data to a country or territory outside the European Economic Area, we will do so in accordance with data protection law.

Parents and pupils' rights regarding personal data

Individuals have a right to make a '**subject access request**' to gain access to personal information that the school holds about them.

Parents/carers can make a request with respect to their child's data where the child is not considered mature enough to understand their rights over their own data (usually under the age of 12), or where the child has provided consent.

Parents also have the right to make a subject access request with respect to any personal data the school holds about them.

If you make a subject access request, and if we do hold information about you or your child, we will:

- Give you a description of it
- Tell you why we are holding and processing it, and how long we will keep it for
- Explain where we got it from, if not from you or your child
- Tell you who it has been, or will be, shared with
- Let you know whether any automated decision-making is being applied to the data, and any consequences of this
- Give you a copy of the information in an intelligible form

Individuals also have the right for their personal information to be transmitted electronically to another organisation in certain circumstances.

If you would like to make a request please contact the Principal.

How we use parent information

We collect and process personal data relating to the parents of pupils at the School. This is for contractual purposes and/or to enable the payment of fees. This personal data includes identifiers such as names, addresses, email addresses and telephone numbers and banking details.

Upon accepting an offer of a place at the School for your child, you will have been offered an opportunity to consent or otherwise to our sharing your contact information with the Friends of Shapwick. The purpose of this sharing of information is to facilitate the wider School community, including the promotion of fundraising efforts. We will not share your contact information with the Friends of Shapwick unless explicit consent has been given. Consent for the sharing of your data in this way may be given or withdrawn by you at any time during your child's attendance at

the School. We will not share information about you with third parties without your consent unless the law allows us to.

We are required, by law, to pass on some of this personal data to:

- our local authority Somerset CC
- the Department for Education (DfE)

If you require more information about how the local authority and/or DfE store and use your personal data please visit:

<http://www.somerset.gov.uk/information-and-statistics/data-protection/>

When your child leaves the School, your data will be archived under the retention rules for pupil files, with the exception of your financial information which will be kept for 6 years from the end of the year in which your child left the School, under HMRC requirements.

If you have any complaint about the way that your data is handled please refer to the School's Complaints Policy. If after following the complaints process you think we have not dealt with your request for information properly, you can complain to the Information Commissioners Office.
